Key Tax Policy Changes in Rwanda (2025-2028)

7 INCOME TAX

Key Updates

The income tax law of 2022, was amended in May 2025 affecting the taxation of gaming activities, capital gains tax and withholding tax.

The law establishing tax on income deals with Corporate Income Tax, Personal Income Tax, Capital Gains Tax, Withholding Tax and Tax on Gaming activities.

The main features in the income tax:

1. Corporate Income Tax for businesses under the real regime is 28%.
2. Micro businesses with revenue below 2m Rwf a year are exempted from Income Tax.
3. Micro businesses with revenue below 20m Rwf can pay flat rates based on turnover.
4. Exempt income for individuals under Personal Income Tax, or Pay as you earn (PAYE) is 60,000 Rwf monthly (720,000 Rwf annually).
5. The first 12m Rwf income from agriculture is exempt.

Micro businesses with revenue below 20 m Rwf can pay Flat rates based on turnover.

Residence

Each tax period, a resident taxpayer is liable to personal income tax from all domestic and foreign sources.

Resident entities are liable to corporate income tax on business profit per tax period whether from domestic or foreign operations.

i). For Individuals;

An individual is considered to be a resident in Rwanda if;

- Has a permanent residence in Rwanda
- Has a habitual abode in Rwanda
- A Rwandan representing Rwanda abroad
- Present in Rwanda for an aggregate 183 Days or more in a year
- Present in Rwanda for an average of 122 Days in each of the preceding two year

ii). For Entities;

- Registered in Rwanda
- A place of effective management in Rwanda

Permanent Establishment

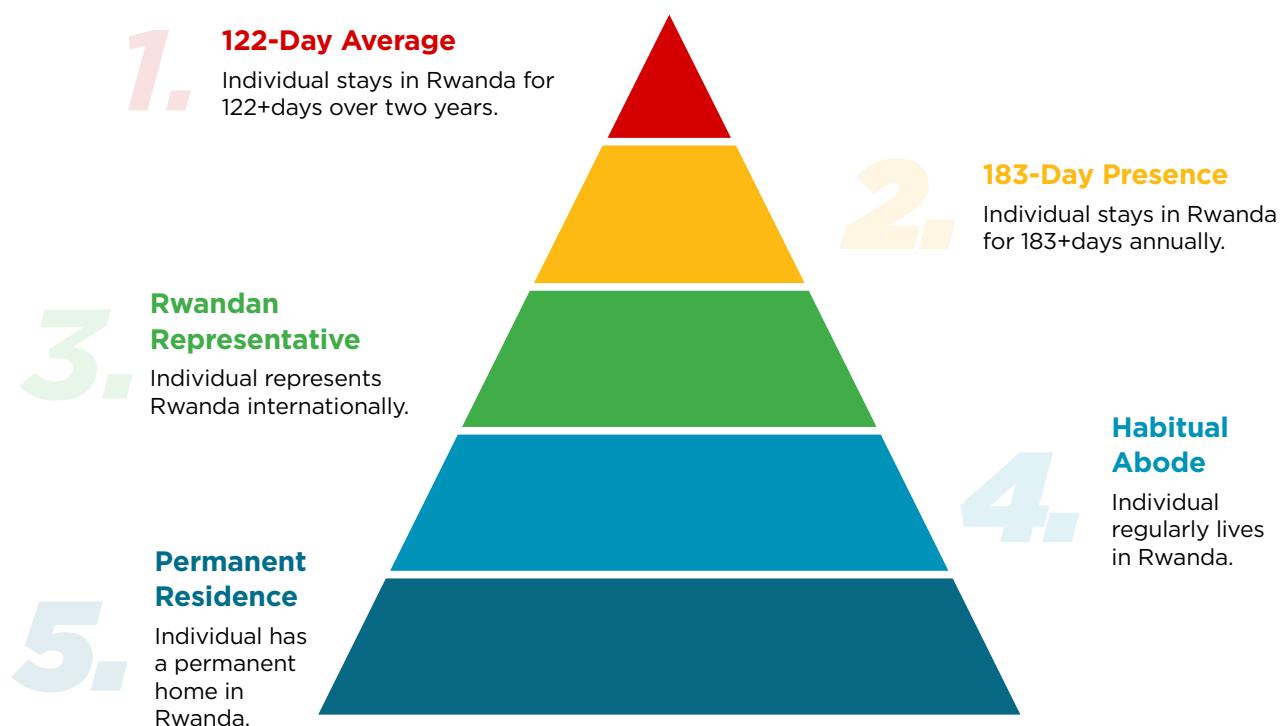

Non-resident entities are liable to corporate income tax on business profit equivalent to the income tax applicable to resident entities through their permanent establishments in the country.

Permanent Establishment Includes at Least one of the Following Places:

- A place of management
- A branch
- A factory or workshop
- A mine, quarry or any place for exploitation of natural resources
- A site set for construction
- A place for provision of services with support of employees for more than 90 days

A person with authority to negotiate and conclude contracts, or play substantial role in concluding contracts on behalf of the entity is considered a permanent establishment.

Rwandan Residency Criteria

Exemptions

1. Income from collective investment schemes
2. Income from Rwandan employee's shares within a company
3. Revenue from agricultural activities up to 12m

Corporate Income Tax (CIT)

Entities Subjected to CIT

- Domestic & foreign companies registered in Rwanda
- Co-operative societies
- State owned companies
- Trusts – trustee, enforcer or protector of a trust
- Foundations

2 VALUE ADDED TAX (VAT)

Taxable Supplies

Taxable Goods

VAT is charged on all goods supplied by a taxpayer in Rwanda except the ones which are exempted.

Taxable services

Services supplied are taxable if the services provider is a resident of Rwanda and the service is useful to the recipient in Rwanda.

Service Supplied in Rwanda

A service is supplied in Rwanda if any of these conditions apply:

- The supplier is a resident in Rwanda
- The supplier has headquarters in Rwanda only
- The supplier has headquarters in Rwanda and elsewhere, but the HQ most directly concerned with the supply is the one in Rwanda
- The recipient of the service needs it, or benefit from it in Rwanda where the supplier has no headquarters in Rwanda

Services supplied are taxable if the services provider is a resident of Rwanda and the service is useful to the recipient in Rwanda.

Exported Service

A service provided for use or consumption outside Rwanda whether the service is supplied in Rwanda or both inside and outside Rwanda but which does not have any impact on the recipient's interest in Rwanda.

Rates of Valued Added Tax

- 0% - For Zero-rated goods & services
- 18% - All other goods & services supplied in Rwanda or Imported

Zero - Rated and Exempt Goods

When a good or service is zero rated and exempted at the same time, it will be considered as zero-rated.

Value Added Tax Point

The tax point for the supply of goods and services is the one that is the earliest among the following;

- a. The date of the invoice
- b. The date of payment, including partial payment
- c. The date of delivery of goods to the customer or removed from store/ premises
- d. The date of delivery of the service

Acquisition of Foreign Services

Recipients of foreign services which are not available in Rwanda are allowed to deduct input tax from output tax.

However, to be allowed input deduction, the taxpayer importing the foreign services must request for authorisation from the Minister at least 2 months before importing the service.

Modalities to Apply for Authorization

1. An application letter with supporting documents
2. Show prove that a tender was called with no successful bidder in Rwanda
3. A recommendation letter issued by a competent regulator organ certifying that;

- a. there are no providers of the service in Rwanda or
- b. those existing do not have a satisfactory standard to provide the service

Value Added Tax Refund

If the input tax exceeds output tax, the surplus tax is refunded to the taxpayer. The refund must be claimed in its taxable period.

GG

If the input tax exceeds output tax, the surplus tax is refunded to the taxpayer. The refund must be claimed in its taxable period.

Transfer pricing (TP) refers to the rules and methods for pricing transactions within and between enterprises under common ownership or control.

4 TRANSFER PRICING RULES

They provide the basis for adjustment of prices that differ from what would have been charged by unrelated enterprises dealing at arm's length (the arm's-length principle).

Controlled Transaction

Transactions with related parties where one party or its representative is subject to tax in Rwanda, and a related party residing in or out of Rwanda.

Deemed Controlled Transaction

Transactions with parties that are not related where one party or its representative is subject to tax in Rwanda and any other party operating in a country considered to offer beneficial tax regime.

Beneficial Tax regime

A country that:

- a. Income tax is at a maximum of 20%
- b. Grants tax breaks to non-residents
- c. Has no requirement for substantial economic activity within its jurisdiction, or
- d. Does not allow access to information on corporate structure of legal entities

Transactions Subject to Adjustment of Prices

- Sale, purchase or transfer for free of goods, or lease of tangible assets
- Sale, purchase, transfer for free, or licensing of intangible assets
- Provision of services
- Lending or borrowing of money
- Any transaction that affects profit or loss

Threshold for Preparation of Transfer Pricing Documentation

- a. Annual turnover above six hundred million Rwf
- b. For persons with turnover below 600m:
 - a single controlled transaction with the value of ten million Rwandan francs or more, or
 - an aggregate controlled transactions of one hundred million Rwandan francs or more

Documentation Requirements

- a. Develop a transfer pricing policy, and
- b. Prepare and keep the documentation that verifies that the conditions of its controlled transactions for a tax period are consistent with the arm's length principle.
